

## Purposefully Minimal's August 2017 Daily Challenge

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
		<b>1</b> Shower/Bath (you don't need 12 bottles of scented shower goo)	<b>2</b> Bathroom Vanity/Cabinet (is that a crimper from 1998?)	<b>3</b> Linen Closet (40 towels is a bit excessive)	<b>4</b> Makeup and Skincare (contouring = keep, clown = purge)	<b>5</b> Wardrobe: Shirts (men: if it gets you paid, it stays)
<b>6</b> Wardrobe: Pants/Skirts (those jeggings need to go)	<b>7</b> Wardrobe: Dresses (ladies: if it gets you laid, it stays)	<b>8</b> Wardrobe: Formal (tip: some formalwear can be sold for beer money)	<b>9</b> Wardrobe: Socks and Underwear (you probably cycle through only a few pairs anyway)	<b>10</b> Shoes (I doubt you wear the strappy black ones often enough to count)	<b>11</b> Accessories/Jewelry (tip: some jewelry can be sold for beer money)	<b>12</b> Coats and Outerwear (those scarves don't make PSL's taste any more hipster)
<b>13</b> Books/Magazines (you probably won't read them again anyway)	<b>14</b> DVD's (Try SVODs. They take much less space)	<b>15</b> CD's (you still have CD's?)	<b>16</b> Kitchen Countertops (you don't use the waffle iron often enough to count)	<b>17</b> Refrigerator: Outside (crappy artwork goes in the garb)	<b>18</b> Refrigerator: Inside (dispose of the booze creatively)	<b>19</b> Kitchen: Dishes and Bakeware (recycle all those plastic souvenir cups)
<b>20</b> Kitchen: Gadgets and Utensils (keep the corkscrew)	<b>21</b> Kitchen: Pantry/Dry Food Storage (tip: freed up pantry space can be used to store wine)	<b>22</b> Kitchen: Under Sink (You probably have chemicals here. Don't pour them down the drain)	<b>23</b> Medicine Cabinet (expired BC won't keep you from getting pregnant)	<b>24</b> Cleaning Products (seriously, do NOT pour chemicals down the drain!!!)	<b>25</b> Junk Drawer (it was crap before, it's probably still crap now)	<b>26</b> Entryway (First impressions make the house. Cluttered Entryway = Cluttered House)
<b>27</b> Living Room (it's for relaxing, not tripping over your kids' crap)	<b>28</b> Dining Room (you just might end up actually dining in here if it is clutter free)	<b>29</b> Bedroom: Night Stands (expired condoms won't keep you from getting pregnant)	<b>30</b> Flat Surfaces/Open Shelves (tip: freed up shelf space can be used to store wine)	<b>31</b> Laundry Area (expect to do less laundry after all those clothes that you purged)	<a href="http://www.purposefullyminimal.com">www.purposefullyminimal.com</a>
